2.2.NEET training programme

Last year 86 students were successfully trained in NEET residential training project. In continuation to this, we have extended our programme this year to identify/screen and train differently abled students across Tamil Nadu.

With the support of TN Directorate of school education, we identified 210 differently abled medical aspirants.

We conducted medical screening to identify students eligible for NEET exam. Eligible differently abled students across Tamil Nadu (30 students) are being trained in our residential coaching programme. We are also supporting students from previous batch who are reappearing for this year.

KMC Chennai Alumni Association -Annual Report 2019-2020

Administrative updates

- We have applied for Foreign Contribution Regulation Act (FCRA) approval as we have funding from foreign investors. The process is close to completion and we expect approval very soon.
- We have been publishing annual report on July covering activities of previous year Aug- Jul. Starting this year, we will be preparing and publishing our annual report for a financial year. Due to the change, this year report covers activities from Aug 2019 to March 2020 since April 2018 – July 2019 have already been published last year.
